5P/6-24V Coil (without standard)

Categories	Coiled Cord
Standards	without standard
Industries	Commercial vehicles , Agriculture

Electrical Details and Temperature Resistance

Voltage [in V]	6-24
----------------	------

Material

Cable color	black
Contact surface	nickel (Ni)
Housing material	reinforced composite
Material of cable	PUR

Connectivity

Contact termination	crimp contact
Contact version	contact sleeve
Mounting of cable and socket/plug	crimped
No. of connected plugs	1
No. of connected sockets	0
No. of poles	05

Measures and Dimensions

No. of coils	30
Outer coil diameter [in mm]	30,00
Wire cross-sectional area	5x 0.75mm²
Working length [in m]	1,80
