

General Terms and Conditions of Sale of Erich Jaeger GmbH + Co. KG for the aftermarket

General Terms and Conditions of Sale for the aftermarket

Applicable in national and international business transactions with companies, legal entities under public law and corporations under public law.

1. Scope

- 1.1 These General Terms and Conditions of Sale (hereinafter referred to as "**Terms of Sale**") apply to all business transactions between Erich Jaeger GmbH + Co. KG (hereinafter referred to as "**ERICH JAEGER**") and the customer relating to the delivery of products (hereinafter referred to as "**Contract Products**"), even if they are not referred to in subsequent contracts.
- 1.2 Customer terms and conditions which conflict with, supplement or deviate from these Terms of Sale shall not become part of the contract unless ERICH JAEGER has expressly agreed to their applicability in writing.
- 1.3 These Terms of Sale shall also apply exclusively even where
 - a) ERICH JAEGER executes a delivery to the customer without reservation, with knowledge of its conflicting or deviating terms or
 - b) the customer requests ERICH JAEGER's consent to its own terms and conditions of purchase in a supplier portal and ERICH JAEGER cannot object to the validity of the terms and conditions of purchase due to technical limitations of the supplier portal.
- 1.4 Case-specific agreements made with the customer in individual cases (including collateral agreements, addenda and amendments) shall in any case take precedence over these Terms of Sale. Subject to proof to the contrary, a written contract or written confirmation from ERICH JAEGER shall be authoritative regarding the content of such agreements.
- 1.5 Rights to which ERICH JAEGER is entitled under provisions of applicable law going beyond the scope of these Terms of Sale shall remain unaffected.
- 1.6 Transmission by fax, e-mail or comparable electronic text forms shall suffice to satisfy the written form requirement within the meaning of these Terms of Sale.

2. Formation of Contract; Requirements Forecast

- 2.1 Offers and cost estimates are subject to change and non-binding, unless they are expressly designated as binding offers.
- 2.2 Illustrations, drawings, weights and dimensions as well as other descriptions of the Contract Products from the documents relating to the offer are only approximately authoritative unless they are expressly designated as binding. They do not constitute an agreement on or warranty of any quality characteristics of the Contract Products.
- 2.3 An order only becomes binding once it has been confirmed by ERICH JAEGER in the form of an order confirmation in text form. Silence on the part of ERICH JAEGER with regard to offers, orders, requests or other declarations by the customer shall only be deemed to constitute consent if this has been expressly agreed in writing. Should an order confirmation contain obvious mistakes, spelling or calculation errors, it shall not be deemed binding on ERICH JAEGER.
- 2.4 If the customer has concluded a framework agreement with ERICH JAEGER for future deliveries of Contract Products and the customer does not call off the Contract Products on time, ERICH JAEGER shall be entitled, after the expiry of fifteen (15) days grace period to no avail counting from ERICH JAEGER's written notification, to deliver and invoice the Contract Products, to rescind the contract or, if the customer has acted culpably, to demand compensation in lieu of contract performance.

- 2.5 ERICH JAEGER does not assume any labelling obligations going beyond the mandatory provisions of applicable law applying to ERICH JAEGER for the respective delivery offered, unless otherwise explicitly agreed. In particular, ERICH JAEGER is not obliged to label the Contract Products in accordance with any further provisions of applicable law applying to the customer and/or its end product.
 - 2.6 ERICH JAEGER shall not be held liable in the event of delay in the delivery of the Contract Products insofar such delay is due to a supply disruption encountered by its suppliers of subcomponents. Assumption of a warranty or a procurement risk shall require an express, separate written agreement to be effective.
- #### 3. Delivery; Delivery Periods; Default
- 3.1 Unless expressly agreed otherwise, deliveries shall be "ex works" (EXW according to Incoterms® 2020) ERICH JAEGER's registered office, i.e. the Contract Products shall be made available to the customer for collection. At the request and expense of the customer, the goods will be shipped to another destination (hereinafter: "**Sales Shipment**"), in which case ERICH JAEGER is entitled to determine the mode of shipment itself. However, at the customer's request and expense ERICH JAEGER will take out transport insurance.
 - 3.2 ERICH JAEGER's order confirmation shall be deemed authoritative regarding the scope of delivery, failing which any agreements made with the customer in the individual case shall govern. Any changes to the scope of delivery shall require confirmation from ERICH JAEGER to be valid.
 - 3.3 The right to make changes to the design and shape of the Contract Products is reserved, provided that the changes are not significant, reasonable for the customer, and notified by ERICH JAEGER thirty (30) days before their implementation. In the absence of objection from the customer within five (5) days, the changes will be considered as accepted by the customer, who will no longer be entitled to cancel the order.
 - 3.4 ERICH JAEGER is authorised to make partial deliveries if this is reasonable for the customer.
 - 3.5 Delivery periods must be agreed in text form. Delivery periods shall be non-binding unless they are expressly designated as binding.
 - 3.6 A delivery period begins to run upon the dispatch of the order confirmation by ERICH JAEGER, but not before complete provision of any documents, approvals and releases to be procured by the customer, the receipt of any agreed down payment and the timely and proper performance of any other acts of cooperation by the customer.
 - 3.7 Agreed delivery periods shall be deemed to have been complied with if, before the delivery periods have elapsed, (i) ERICH JAEGER makes the goods available at the agreed place of delivery or (– in the case of a Sales Shipment pursuant to Section 3.1 of this contract) – hands them over to the person designated to carry out the transport or if the customer gives notice of its refusal to accept the goods.
 - 3.8 Delivery is subject to ERICH JAEGER being supplied by its own suppliers in a timely and proper manner.
 - 3.9 If upstream suppliers are unable to deliver or if the upstream supplier files for insolvency, ERICH JAEGER shall be entitled to suspend the delivery of the Contract Products without penalty or being held liable. If this situation persists for a period of more than three (3) months, ERICH JAEGER shall be entitled to terminate the contract concluded with the customer.
 - 3.10 The customer is only entitled to rescind the contract due to a delay in delivery if ERICH JAEGER is exclusively responsible for the delay.
 - 3.11 If the Contract Products have been handed over to the customer on Euro pallets or lattice boxes (load carriers),

- the customer must return the same number and the same type and quality of load carriers to ERICH JAEGER at the place of the original handover.
- 3.12 Without prejudice to the provision in Section 6, and in respect with article L133-3 of the French commercial code, the customer is obliged to inspect the Contract Products for visible external damage upon delivery and to report them to the forwarding agent carrying out the delivery by registered mail with acknowledgement of receipt within three (3) working days from the delivery, and to request it to provide appropriate written confirmation. If the customer does not fulfil this obligation, ERICH JAEGER won't be held liable for the external damages in question.
- 4. Transfer of Risk**
- 4.1 The risk of accidental loss or accidental deterioration of the Contract Products shall be transferred to the customer as soon as ERICH JAEGER makes the Contract Products available at the place of delivery or - in the case of a Sales Shipment pursuant to Section 3.1 - hands them over to the person designated to carry out the transport. This also applies if partial deliveries are made or if ERICH JAEGER has assumed the transport costs in individual cases in deviation from Section 3.1.
- 4.2 If the customer doesn't accept the supplied goods without having inspected them and notified the anomaly which justifies the refusal of acceptance, ERICH JAEGER may demand compensation for the resulting losses. The liquidated damages shall amount to 0.5% of the net price of the delivery per day of default but shall not exceed a total of 5% of the net price of the delivery. The contract parties reserve the right to assert further claims for damages as well as to provide evidence that a lesser amount of loss was incurred. The risk of accidental loss or accidental deterioration of the Contract Products shall be transferred to the customer at the point in time at which it is in default of acceptance.
- 4.3 Section 4.2 applies *mutatis mutandis* if the delivery is delayed at the request of the customer by more than ten (10) calendar days after ERICH JAEGER has given notification of readiness for dispatch.
- 5. Prices**
- 5.1 The agreed price in EUR as shown in the order confirmation shall apply, plus value-added tax (VAT). The statutory VAT is not included in the price and is shown separately on the invoice at the statutory rate applicable on the date of invoicing.
- 5.2 If the customer does not receive an order confirmation or if the order confirmation does not contain any price information, the price list valid at the time of delivery shall apply.
- 5.3 Unless otherwise agreed, prices are "ex works" (EXW pursuant to Incoterms® 2020), exclusive of packaging. In the case of a Sales Shipment pursuant to Section 3.1, the customer shall bear the transport costs as well as the costs of any transport insurance requested by the customer.
- 5.4 If the assembly or installation of Contract Products has been agreed with the customer, the customer shall bear the costs of assembly or installation and any ancillary costs incurred (such as travel expenses and transport costs for tools).
- 5.5 ERICH JAEGER is entitled or obliged to increase or reduce prices pursuant to the following provisions:
- ERICH JAEGER is entitled to adjust the prices to be paid by the customer in line with the development of the total costs determining the calculation of the agreed price..
 - The total costs are made up of the following relevant cost types: Costs for the purchase of raw materials and energy, wage costs, transport costs, customs duties, taxes and public charges as well as costs from upstream suppliers.
- A price increase may be made, and a price reduction must be made, if the total costs increase or decrease.
 - Increases in one type of cost (e.g. raw material costs) may only be used for a price increase to the extent that there is no reduction in other types of costs (e.g. energy costs).
 - If cost types are reduced, ERICH JAEGER shall reduce its prices insofar as these reductions are not offset by increases in other cost types.
 - In exercising its reasonable discretion, ERICH JAEGER shall select the respective points in time of a price change in such a way that cost reductions are not calculated according to standards that are less favourable to the customer than cost increases, i.e. cost reductions shall have at least the same price effect as cost increases.
 - Unless otherwise contractually agreed, ERICH JAEGER shall notify the customer in text form of any change of the price at least four weeks before the planned effective date.
 - ERICH JAEGER's right to adjust prices does not apply to deliveries or services that are provided within four months of the conclusion of the contract.
- 5.6 If the customer does not accept a price increase which is justified pursuant to sec. 5.5 and if the customer and ERICH JAEGER cannot agree on new prices within a period of three (3) months from the date of the request for a price adjustment, ERICH JAEGER shall be entitled, upon reasonable notice, to terminate any framework supply agreement the parties may have concluded.
- 5.7 Prices offered by ERICH JAEGER with regard to non-binding quantity forecasts of the customer shall only apply on condition that the forecast quantities are actually called off by the customer over a period of one (1) calendar year. If the forecast quantities are not called off by the customer in whole or in part, ERICH JAEGER shall, at its discretion, be entitled to demand an adjustment of the prices or a compensation payment for the shortfall in quantities not called off, either for the past calendar year or with effect for the future.
- 6. Payment Terms**
- 6.1 Unless otherwise agreed in writing, payment of the gross price plus any freight and insurance costs must be made within 30 days of the invoice date. If the payment deadline is exceeded, the customer shall be in default without the need for a reminder.
- 6.2 A payment shall be deemed to have been made once ERICH JAEGER can dispose over the funds.
- 6.3 The deduction of an early payment discount shall require a separate written agreement with ERICH JAEGER.
- 6.4 If the payment deadline is exceeded, ERICH JAEGER is entitled to charge default interest equal to the interest rate applied by the European Central Bank to its most recent refinancing operation plus 10 percentage points calculated from the first day of delay, with, in addition, the payment of a lump sum of forty (40) euros for the recovery costs, due in full. The right to assert additional claims and rights is reserved.
- 6.5 If the customer is in default of payment, ERICH JAEGER is entitled to demand immediate payment of all claims arising from the business relationship, even if these are not yet due. In addition, ERICH JAEGER is authorised to withhold further deliveries.
- 6.6 The customer is only entitled to offset counterclaims against payments due if the claims have been adjudicated with *res judicata* effect or are undisputed. Furthermore, the customer may only assert a right of retention if

General Terms and Conditions of Sale of Erich Jaeger GmbH + Co. KG for the aftermarket

- its counterclaim is based on the same contractual relationship.
- 6.7 ERICH JAEGER shall be entitled to render supplies of goods or services which are still outstanding solely against advance payment or provision of security if circumstances become known after the contract is concluded which may substantially impair the customer's creditworthiness and may jeopardise its payment of outstanding receivables to ERICH JAEGER under the respective contractual relationship. This applies *mutatis mutandis* if the customer refuses or fails to pay outstanding claims of ERICH JAEGER and there are no undisputed objections or *res judicata* defences to the claims of ERICH JAEGER.
- 7. Intra-Community Supply**
- 7.1 The customer acknowledges that in the event of an intra-Community supply in accordance article 262ter of the French general tax code where the Contract Product arrives at a destination in another EU member state, it will receive an invoice without VAT. The prerequisite for this is a confirmation by the customer of the arrival of the Contract Product in another EU member state. The customer must thus, within three months of successful delivery, confirm in writing to ERICH JAEGER that the Contract Product has arrived in another EU member state. By that confirmation, the customer is deemed to declare that the Contract Product has actually been delivered to another EU member state (confirmation of arrival). The confirmation of arrival must contain
- a) the name and address of the customer,
 - b) the quantity of the Contract Products in the delivery and their customary designation including the vehicle identification number if the subject matter is a vehicle,
 - c) the indication of the place and month (not the day) of the end of the transport or dispatch, i.e. the receipt of the goods in the Community territory, including in cases of self-collection and/or self-forwarding by the customer,
 - d) the date of issue of the confirmation,
 - e) the signature of the customer or a person authorised by the customer to accept the goods. In the case of electronic transmission of the confirmation of arrival, a signature is not required if it is discernible that the electronic transmission has begun in the customer's or authorised representative's area of control.
- 7.2 Electronic transmission by email of the confirmation of arrival is sufficient, provided that it is discernible that the electronic transmission began in the customer's or the authorised representative's area of control, e.g. from the customer's email account. If this is the case and the customer sends the confirmation of arrival electronically, the signature of the customer or a person authorised to accept the goods can be waived.
- 7.3 If ERICH JAEGER does not receive the confirmation of arrival from the customer within three months of delivery of the goods to the customer, ERICH JAEGER is authorised to make an invoice correction. When undertaking such invoice correction, ERICH JAEGER may include the applicable VAT in the invoice. Value added tax is due immediately.
- 7.4 If the customer does not provide ERICH JAEGER with a confirmation of arrival in good time or in accordance with the legal requirements, ERICH JAEGER shall be entitled to charge VAT on future orders placed by the customer, even in the case of self-collection and arrival of the contractual item in another EU member state. ERICH JAEGER will refund the VAT to the customer if the customer submits a confirmation of arrival.
- 7.5 The customer has the option of using the model form provided for download at https://www.erich-jaeger.com/fileadmin/content/03_Service/Downloads/08_GTC/Conditions-générales-EJF-IAM-2024-V1.pdf in French and https://www.erich-jaeger.com/fileadmin/content/03_Service/Downloads/08_GTC/General-Terms-and-Conditions-EJF-IAM-2024-V1.pdf in English as a template for a confirmation of arrival and to change and edit the contents thereof in full. ERICH JAEGER accepts no liability for the legal consequences of the use of these templates, as ERICH JAEGER regards them merely as a service to the customer. The customer is responsible for the full contents of the confirmation(s) of arrival submitted by it.
- 8. Warranty**
- 8.1 The provisions of applicable law shall apply to the rights of the customer in the event of defects, unless otherwise stipulated in these Terms of Sale.
- 8.2 ERICH JAEGER warrants that, as of the time of transfer of the risk, the Contract Products comply with the customer's order and the specifications agreed with the customer in the individual case.
- 8.3 In addition, the customer shall be entitled to assert warranty claims in the event of
- a) assembly or conception errors or,
 - a) delivery of an item other than that which was to be provided,
 - c) non-compliance with the provisions contained in the following Section 8.4.
- 8.4 The Contract Products are deemed to comply with the customer's order if they
- a) are of such quality as the customer can expect, taking into account the public statements made by ERICH JAEGER, in particular in advertising or on the label,
 - b) correspond to the quality of a sample or specimen provided by ERICH JAEGER to the customer prior to conclusion of the contract, and
 - c) are handed over with the accessories including packaging, assembly or installation instructions and other instructions which the customer can expect to receive.
 - d) In all further and other respects, ERICH JAEGER's warranty for normal use and the usual quality, is hereby excluded.
- 8.5 The Contract Products must comply with the provisions of applicable law in force in the European Union. Compliance with the provisions of applicable law of other countries or regions shall require a written agreement with ERICH JAEGER to be effective.
- 8.6 Without prejudice to the provision in Section 3.13, the customer's rights to assert warranty rights in the case of defective goods are subject to the compliance by the customer with inspection and notification requirements. ; In particular, the supplied goods must be inspected upon delivery and written notification of obvious defects and defects revealed by such an inspection must be sent to ERICH JAEGER without delay following receipt of the Contract Products. The customer shall notify ERICH JAEGER in writing of any hidden defects without delay after their discovery. A notification shall be deemed to have been given "without delay" if it is made within eight (8) working days, in the case of obvious defects and defects that were detectable during a proper inspection, after delivery or, in the case of hidden defects, after discovery and within the time period set forth in Section 11.1; for purposes of compliance with this deadline, the receipt of the notification or complaint by ERICH JAEGER shall be deemed determinative. If the customer fails to properly inspect the goods and/or report defects,

General Terms and Conditions of Sale of Erich Jaeger GmbH + Co. KG for the aftermarket

- ERICH JAEGER shall not be liable for the defect in question. The customer must describe the defects in text form when notifying ERICH JAEGER.
- 8.7 If a notice of defects is unjustified, ERICH JAEGER is entitled to demand that the customer reimburse the expenses incurred, unless the customer furnishes proof that it is not at fault with regard to the unjustified notice of defects.
- 8.8 In the event of defects of the Contract Products, ERICH JAEGER shall be entitled, in its own discretion, to effect subsequent performance by remedying the defect or delivering a Contract Product free of defects. ERICH JAEGER is entitled to premise the subsequent performance on the customer paying the purchase price due. However, the customer is entitled to retain a reasonable part of the purchase price in proportion to the defect.
- 8.9 The customer's statutory right of rescission is excluded if the customer is unable to return the goods or services received or if the defect only became apparent during processing or transformation of the Contract Products.
- 8.10 If the subject matter of the contract is not at the place of delivery, the customer shall bear all additional costs incurred by ERICH JAEGER in remedying the defects, unless transfer to another location comports with the product's contractual use.
- 8.11 The customer shall not be entitled to assert any warranty claims for defects or damage which
- a) are based on wear and tear,
 - b) arise after the transfer of risk as a result of improper handling, storage, care or excessive demands on or use of the Contract Products;
 - c) are due to force majeure, special external influences that are not provided for in the contract or due to the use of the Contract Products beyond the use provided for in the contract or beyond normal use;
 - d) are due to non-compliance with the operating instructions, directions for use or warnings from ERICH JAEGER;
- 8.12 Furthermore, no claims for material defects shall arise
- a) if modifications are made to the delivered Contract Products by a third party or by installing parts of third-party origin, unless the defect is not causally related to the modification or the third party was expressly engaged by ERICH JAEGER; or
 - b) if the customer has not had the defect rectified by ERICH JAEGER or a third party authorised by ERICH JAEGER.
- 8.13 ERICH JAEGER is not liable for the quality of the Contract Products with regard to the processing or the choice of materials if the customer has specified a design or a different material that deviates from ERICH JAEGER's range of products and services.
- 9. Intellectual Property Rights of ERICH JAEGER and Rights of Third Parties**
- 9.1 ERICH JAEGER reserves the right of ownership and copyright to illustrations, drawings, calculations and other documents. This applies in particular to written documents that are labelled "confidential". The customer requires our express written consent before passing them on to third parties. Documents labelled as confidential must be returned to ERICH JAEGER at its request or after termination of the business relationship or must be permanently destroyed on ERICH JAEGER's instructions. At the request of ERICH JAEGER, proof of proper destruction must be furnished in a suitable manner.
- 9.2 The customer is authorised to use ERICH JAEGER's documents to the extent necessary to perform the contract or to the extent required in light of the purpose of the contract.
- 9.3 In particular, the customer is prohibited, whether through its own action or that of third parties, from appropriating confidential information, know-how or intellectual property rights contained in the Contract Products by means of reverse engineering.
- 9.4 The customer must inform ERICH JAEGER immediately in writing of any infringements of intellectual property rights or the assertion of claims for infringements of intellectual property rights by ERICH JAEGER's Contract Products that become known and must support ERICH JAEGER in defending against claims of third parties.
- 9.5 ERICH JAEGER warrants that, as of the time the contract is concluded, it has no knowledge that the Contract Products infringe on rights of third parties. The warranty only applies insofar as it relates to intellectual property rights published by the German Trademark and Patent Office ("DPMA") and/or the European Patent Office ("EPO"). If a third party asserts justified claims against the customer for infringement of intellectual property rights by Contract Products supplied by ERICH JAEGER, we shall be liable to the customer as follows:
- a) ERICH JAEGER shall, in its own discretion and at its own expense, either procure a right of use for the relevant Contract Products it has supplied, modify them in such a way that the intellectual property right is not infringed, or replace the Contract Products. If it is not possible for ERICH JAEGER to do so, or only possible with disproportionate efforts, the customer shall be entitled to the statutory rights of rescission or abatement.
 - b) The aforementioned obligations shall only apply if the customer informs ERICH JAEGER in writing and without delay of the claims asserted by the third party, does not acknowledge any infringement and leaves all defence measures and settlement negotiations to ERICH JAEGER's discretion. If the customer ceases to use the Contract Products in question from the delivery in order to mitigate losses or for other important reasons, the customer is obliged to point out to the third party that the cessation of use does not constitute any acknowledgement of an infringement of intellectual property rights.
 - c) Claims of the customer are excluded insofar as it bears sole responsibility for the infringement of intellectual property rights.
 - d) Claims by the customer are also excluded insofar as the infringement of intellectual property rights is due to special specifications of the customer, due to use which was not foreseeable by ERICH JAEGER or due to the fact that the Contract Products have been modified by the customer, not used in accordance with the contract or used together with Contract Products not supplied by ERICH JAEGER.
- 10. Liability**
- 10.1 ERICH JAEGER's liability for damages under the warranty set forth in Section 8, irrespective of the legal basis thereof, presupposes that ERICH JAEGER has been provided by customer with all relevant proof of the defect in the Contract Products and apply for direct damages only. Except in case of gross negligence or losses resulting from injury to life, limb or health, ERICH JAEGER's liability shall not exceed the amount of the order paid by customer for the Contract Products. Mandatory statutory liability for product defects under the French legal regime for defectives products remains unaffected thereby.
- 10.2 The limitations of liability arising from Section 10.1 also apply to third parties and in the event of breaches by persons (including breaches inuring to their benefit) for whose fault ERICH JAEGER is responsible in accordance with provisions of applicable law. They do not apply if a defect has been fraudulently concealed or a warranty has been given for the quality of the Contract Products

General Terms and Conditions of Sale of Erich Jaeger GmbH + Co. KG for the aftermarket

- and for claims of the customer under the French legal regime for defective products.
- 10.3 The customer can only rescind or terminate the contract due to a breach that does not consist of a defect if ERICH JAEGER is responsible for the breach. The Parties hereby exclude any free right of termination on the part of the customer. In all further and other respects, the provisions of applicable law and legal consequences apply.
- 10.4 The legal consequences of ERICH JAEGER's liability arise exclusively from the provisions of the present Terms of Sale and mandatory applicable laws. In any case, ERICH JAEGER's liability shall be limited to direct and consecutive damages. Indirect or immaterial damages (such as operating losses or loss of customers) are excluded. ERICH JAEGER shall not be liable for extralegal claims and rights, and in particular it shall not be liable for claims and rights which the customer has voluntarily agreed with an OEM. In particular, ERICH JAEGER shall not be liable under provisions covering "0km cases", "field damage cases", "serial damage clauses" or claims for damages without proof of causality, even if ERICH JAEGER renders deliveries or services to the customer with knowledge of such provisions.
- 10.5 In case of non-compliance of the Contractual Products (whether suspected by the customer or proven), customer shall prevent himself from installing them or use them, in any way whatsoever. ERICH JAEGER won't be held liable for any damage resulting from a customer's contributed fault resulting in the installation of a defective Contract Product or the aggravation of the existing damage in the Contract Product.
- 10.6 In the event of product defects, ERICH JAEGER's liability is limited to the mandatory provisions of French legal regime for defective products and the product recall campaign that ERICH JAEGER will implement. ERICH JAEGER shall not be liable for voluntary or disproportionate recall or service campaigns by the customer or the OEM; campaigns shall be deemed voluntary or disproportionate, in particular, if a proper warning (if necessary with a request to refrain from using or to decommission the Contract Products) would have enabled the users of the Contract Products to protect themselves (if necessary with support to carry out measures to eliminate hazards at their own expense).
- 10.7 Upstream suppliers and raw material suppliers are not vicarious agents of ERICH JAEGER.
- 11. Limitations**
- 11.1 Notwithstanding article L110-4 of the French commercial code, the general limitations period for claims arising from material defects and defects of title is one year from delivery (i.e. the acceptance of the Contract Products by the customer).
- 11.2 Subsequent performance by ERICH JAEGER does not lead to an extension of the limitations period.
- 11.3 The above limitations periods under the law of sales shall also apply to contractual and non-contractual claims for damages of the customer based on a defect of the Contract Products. Time-bars on the customer's claims for losses resulting from injury to life, limb or health, as well as pursuant to the French legal regime for defective products, shall arise solely in line with the statutory limitation periods.
- 12. Voluntary Return of the Contract Products**
- 12.1 When outside the scope of warranty, returns of the Contract Products will only be accepted with the consent of ERICH JAEGER. In any case, the prerequisite to a return is that the Contract Products are still in their original packaging, unused and that the Contract Products and packaging are undamaged.
- 12.2 If ERICH JAEGER gives its consent, the customer will receive a returns number. This must be clearly visible on the packaging of the return consignment. The goods must be returned to ERICH JAEGER's registered office at the customer's expense.
- 12.3 A processing fee will be charged for each return, the amount of which shall be agreed on a case-by-case basis and which, in the event of any doubt, shall be EUR 25.00. If the Contract Products or packaging are damaged contrary to Section 12.1, ERICH JAEGER is entitled to refuse to accept their return or may invoice the customer for the costs of reconditioning them. Unless otherwise agreed, such costs shall amount to 15% of the agreed net price, but at least EUR 25.00.
- 12.4 If a return is made without the express consent of ERICH JAEGER, ERICH JAEGER is entitled to refuse to accept the return or may store the Contract Products at the expense and risk of the customer. The cost of storage is at least EUR 25.00 per week.
- 13. Retention of Title**
- 13.1 The delivered Contract Products remain the property of ERICH JAEGER until they have been paid for in full.
- 13.2 In addition, ERICH JAEGER remains the owner of the delivered Contract Products until full payment of their price by customer.
- 13.3 The customer is obliged to treat the Contract Products subject to retention of title (hereinafter also referred to as "Retention of Title Goods") with care for the duration of the retention of title. In particular, it shall be obliged to adequately insure the Retention of Title Goods at replacement value at its own expense for damage by fire, water and theft. The customer hereby assigns to ERICH JAEGER all indemnification claims arising under that insurance. ERICH JAEGER hereby accepts the assignment. If an assignment is not permissible, the customer hereby instructs its insurer to make any payments solely to ERICH JAEGER. The foregoing is without prejudice to further claims on the part of ERICH JAEGER. The customer must provide ERICH JAEGER with proof of insurance cover upon request.
- 13.4 If the Retention of Title Goods are combined with other items that do not belong to ERICH JAEGER to form a single item, ERICH JAEGER shall acquire co-ownership of the single item in the ratio of the value of the Retention of Title Goods (final invoice amount including VAT) to the other items at the time of combination. If the Retention of Title Goods are combined with other items in such a way that the customer's item is to be regarded as the main item, the customer hereby assigns to ERICH JAEGER co-ownership of that item on a *pro rata* basis. ERICH JAEGER accepts this assignment. The provisions of this Section 13.4 shall apply *mutatis mutandis* if the Retention of Title Goods are processed with other items.
- 13.5 The customer is revocably authorised to sell the Retention of Title Goods in the ordinary course of business. The customer is not authorised to pledge the Retention of Title Goods, to assign them as security or to make other dispositions jeopardising the ownership rights of ERICH JAEGER. In the event of attachments or other interventions by third parties, the customer must inform ERICH JAEGER without delay in writing and provide all necessary information, inform the third party of ERICH JAEGER's ownership rights and co-operate in the measures taken by ERICH JAEGER to protect the Retention of Title Goods.
- 13.6 The customer hereby assigns to ERICH JAEGER the claims from the resale of the Retention of Title Goods in the amount of the invoice, including VAT, together with all ancillary rights. ERICH JAEGER hereby accepts the

General Terms and Conditions of Sale of Erich Jaeger GmbH + Co. KG for the aftermarket

- assignment. If the Retention of Title Goods are sold together with other goods not supplied by ERICH JAEGER, the claim arising from the resale shall be assigned *pro rata* at the ratio of the value of the Retention of Title Goods (final invoice amount including VAT) to the other goods sold. If an assignment is not permissible, the customer hereby irrevocably instructs the third-party debtor to make any payments solely to ERICH JAEGER.
- 13.7 The customer is revocably authorised to collect the claims assigned to ERICH JAEGER in its own name, in trust for ERICH JAEGER. The amounts collected must be paid to ERICH JAEGER immediately.
- 13.8 ERICH JAEGER may revoke the customer's right to resell and its authorisation to collect if the customer does not properly meet its payment obligations to ERICH JAEGER, is in default of payment, suspends payments or if an application for insolvency proceedings over the customer's assets is filed.
- 13.9 ERICH JAEGER is obliged at the request of the customer to release existing securities to the extent that the realisable value of the securities exceeds the claims of ERICH JAEGER from its business relationship with the customer by more than 10%, taking into account customary bank valuation discounts. Selection of the securities to be released shall be at ERICH JAEGER's discretion.
- 13.10 In the case of deliveries of goods to other legal systems in which the retention of title provision pursuant to this Section 13 does not have the same security effect as in France, the customer hereby grants ERICH JAEGER a corresponding security interest. If further measures are required for this purpose, the customer shall do everything necessary to grant ERICH JAEGER such a security interest without delay. The customer shall cooperate in all measures which are necessary and conducive to ensuring the effectiveness and enforceability of such security interests.
- 14. Rescission / Cancellation of contract**
- 14.1 In the event of breach of contract by the customer, in particular in the event of payment default, ERICH JAEGER is entitled, without prejudice to its other contractual and statutory rights, to rescind the contract after the expiry of a fifteen (15) days grace period.
- 14.2 The customer must grant ERICH JAEGER or its authorised representative access to the goods subject to retention of title without delay following a declaration of rescission and must surrender them to ERICH JAEGER. After giving timely notice, ERICH JAEGER may otherwise dispose of the goods subject to retention of title to satisfy the outstanding claims for receivables against the customer. The proceeds from the sale shall be set off against the customer's liabilities minus reasonable costs of resale.
- 15. Confidentiality**
- 15.1 The customer shall be obliged, throughout the commercial relationship with ERICH JAEGER and for a period of ten (10) years after the termination of the business relationship, to keep confidential all information to which it gains access via ERICH JAEGER and which is designated as confidential or which, in light of other circumstances, discernibly constitutes business or trade secrets, and shall neither record nor transmit or exploit it. The customer shall protect ERICH JAEGER's data and documents against loss and access by third parties, in accordance with the state of the art.
- 15.2 Through suitable contractual agreements with the employees and authorised persons working for the customer, the customer shall ensure that such persons also refrain, for an indefinite period, from exploiting, transmitting or recording without authorisation such business or trade secrets.
- 16. Force Majeure**
- 16.1 "*Force majeure*" means the occurrence of an unpredictable, irresistible and external event or circumstance as defined in article 1218 of the French civil code (hereinafter "**Force Majeure Event**") that prevents ERICH JAEGER from fulfilling one or more obligations under the contract despite reasonable efforts.
- 16.2 Force majeure includes all circumstances for which ERICH JAEGER is not responsible, in particular fire, natural disasters, weather, floods, war (whether declared or undeclared), epidemics and pandemics.
- 16.3 The following shall be deemed the equivalent of force majeure:
- a) Industrial action such as strikes and/or lockouts;
 - b) political unrest;
 - c) unforeseen circumstances, e.g. operational disruptions;
 - d) import and export restrictions, other official/sovereign measures or prohibitions (e.g. sanctions, embargoes or other export control regulations), including those affecting our suppliers;
 - e) delays in the granting of any necessary official permits;
 - f) transport bottlenecks for which we are not responsible;
 - g) unforeseen increase in procurement risk;
 - h) shortage of energy and raw materials;
 - i) late deliveries of raw materials or vendor parts for which EJ is not responsible.
- 16.4 In the event of force majeure, ERICH JAEGER shall be released from its obligation to perform the contract for the duration of the event and a reasonable start-up period thereafter. Delivery periods shall be automatically extended by the duration of the event plus a reasonable start-up period thereafter. The parties shall provide each other with the necessary information without delay and adjust their contractual obligations in good faith in light of the changed circumstances.
- 16.5 ERICH JAEGER shall notify the customer as soon as the Force Majeure Event no longer prevents ERICH JAEGER from fulfilling its contractual obligations.
- 16.6 If the Force Majeure Event lasts longer than 45 days, both parties are entitled to rescind the affected contract.
- 16.7 ERICH JAEGER accepts no liability in connection with Force Majeure Events.
- 17. (Re)Sale and (Re)Export**
- 17.1 If the sale, delivery, transfer or export by ERICH JAEGER takes place to a third country outside the European Union (except the countries listed in Annex VIII to Regulation (EU) No. 833/2014), any (re)sale and/or any (re)export and/or any other kind of delivery of the goods and technologies supplied by ERICH JAEGER, directly or indirectly, unchanged or integrated into other products, to Russia and/or via third parties for use in Russia are prohibited.
- 17.2 In the event of a breach of the prohibition pursuant to section 17.1 above, ERICH JAEGER shall be entitled to demand a contractual penalty from the customer in the amount of 25% of the purchase price for the goods and technologies concerned as well as compensation for all damages incurred by ERICH JAEGER, including the imposition of fines. The contractual penalty shall be offset against the compensation to be paid.
- 17.3 In the event of a breach of the prohibition pursuant to section 17.1 above, ERICH JAEGER shall be also entitled to withdraw from unfulfilled contracts or to terminate such contracts with immediate effect and/or to terminate the business relationship with the customer.
- 17.4 In the event of a breach of the prohibition pursuant to section 17.1 above, ERICH JAEGER reserves the right

to inform the responsible authorities in the European Union of any breach of this prohibition.

18. Governing Law, Jurisdiction

- 18.1 The legal relationship between the customer and ERICH JAEGER is governed by French law; application of the UN Convention on Contracts for the International Sale of Goods (CISG) is excluded.
- 18.2 Exclusive jurisdiction for all claims arising from the parties' business relationship is vested in Lyon's commercial courts. ERICH JAEGER is also entitled to bring an action in the courts at the registered office of the customer as well as at any other permissible jurisdictional venue.
- 18.3 In international business transactions, the parties may choose between recourse to the ordinary courts or to arbitration for all legal disputes arising from or in connection with this contract and its performance.
- 18.4 If the parties seek redress in the ordinary courts, Section 18.2 shall apply *mutatis mutandis*.
- 18.5 If the parties refer a dispute to arbitration, all disputes arising from or in connection with the present contract shall be finally settled pursuant to the Paris Mediation and Arbitration Center (CMAP). The arbitral panel shall consist of three arbitrators. Unless the parties have agreed otherwise, at least one of the arbitrators must be a French lawyer. The arbitrators must be fluent in the language of the arbitration. The language of arbitration shall be French, unless the parties have agreed on another language of arbitration. The seat of the arbitral tribunal is Lyon, France.

19. Final Provisions

- 19.1 The assignment of rights and obligations of the customer to third parties is only permitted with the written consent of ERICH JAEGER.
- 19.2 ERICH JAEGER may involve third parties or vicarious agents in any and all aspects of performance of the contract.
- 19.3 The place of performance for all obligations arising from the contractual relationship is the registered office of ERICH JAEGER.
- 19.4 Should individual provisions of these Terms of Sale be or become invalid, this shall not affect the validity of the remaining Terms of Sale. The invalid provision shall be replaced by such valid provision as comes the closest to the economic content of the invalid provision. The same applies in the event of an unintended gap.
